PRODUCT DESCRIPTION

The advanced technology of the new SEGEZ modular lightbox system combines innovation with intuition. Toolless down to its feet, SEGEZ is designed to help heighten your display experience. Magnetic electrical connectors light up the UL certified LED lights that come pre-installed in the profiles. Electrical wires stay hidden from view. Edge-to-edge customizable SEG backlit fabric graphics cover the front and back of the aluminum frame. Portable, configurable, desirable, SEGEZ is a lightbox unlike the others. SEGEZ is so well thought out, even its durable foam cut carry bag is made distinctly to keep all parts and pieces protected and organized.
